MEXICAN INDEPENDENCE DAY

LPS students learned about Mexican Independence Day, which is celebrated in México and Mexican communities around the world on September 16.

This celebration began on Friday, September 15th in Mexico around 6:00 a.m. with the enactment of "El Grito de Dolores" (orig. Father Hidalgo) by Mexican President López Obrador.

September 15

National Hispanic Heritage Month began on September 15 in the U.S. and will end on October 15. Like last year and the year before, LPS students will also be learning about this celebration in their Spanish classes. (19 Spanish-speaking countries around the world and their communities in the U.S. will be celebrating their "independence" from Spain around the same time).
